

Hi!

Thank you for choosing to enrol your child for Prep at Chatswood Hills State School. I have already had the pleasure of meeting many of our current families, but for those who don't know me, my name is Dianne Kelso and I am a Prep Teacher and the Early Years Transitions Coordinator at Chatswood Hills State School. I am emailing to welcome you all to our Chatswood Hills community and to let you know I will be continuing to update you all via email, our school Facebook and Instagram, until we are able to invite families into our school.

A little bit about our school...

Our school aims to develop a warm, cooperative environment and uphold every member's right to feel safe, to learn and to be respected. We provide a supportive school environment through our Code of Conduct: I am safe, I am respectful, I am responsible.

We also aim to develop the 21st Century skills of collaboration, citizenship, character, creativity, critical thinking and communication through our strong commitment to providing rewarding experiences and opportunities.

If you have any questions in the meantime about our school or prep classes, feel free to email me!

Di Kelso ☺
