UNIFORM POLICY

PURPOSE

The purpose of this policy is to define the uniform requirements and dress standards for Chatswood Hills State School Students.

POLICY DETAILS

Chatswood Hills State School (CHSS) is a *uniform school*. CHSS believes in order to achieve an agreeable school tone and to project a positive image in the community all students are expected to follow the School Dress Code. The school prides itself on having high support for wearing school uniforms. It provides a more egalitarian atmosphere for children to work within, reducing the incidence of bullying related to clothing. In addition, it supports our Workplace Health and Safety policy by making our students readily identifiable both within the school grounds and outside on school excursions. It also strengthens the community perception of our school as a quality school, in that our students appear smartly dressed and well presented.

Following of the Dress Code is supported by all school staff and the P&C Association. Students are expected to be in the correct school uniform every day and abide by the policy at all times, including to and from school. The standards and expectations of this policy will be supported by the school Behaviour Management Policy and curriculum delivery.

FREE DRESS DAYS

Free Dress Days are considered to be school days and learning programs are expected to proceed as normal. On occasions where alternative programs are implemented in conjunction with free dress days, personal presentation standards and Behaviour Management Policy will remain the guiding principles.

The main purpose of student free dress days is to support Student Council fund raising activities in a manner that demonstrates responsible student behaviour.

Please note while the regular uniform is not worn on these days, the essence of the Uniform Policy must still be adhered to as outlined in the following details:

- All footwear is to be fully enclosed. High platform shoes and thongs are not suitable footwear.
- Normal jewellery and make-up rules apply.
- No item of clothing that promotes, advertises or illustrates references to dangerous and/or illegal substances is to be worn.
- No pictures of offensive language (including swearing and discriminatory words or phrases) are to appear on any items of clothing.
- Items of clothing are to be appropriately modest. Tops need to have sleeves, to comply with Sunsmart School rules. Skirts, shorts and similar items must be of modest length, not too tight and not so low on the hips as to show any skin.
- Items of clothing should be in good repair and properly laundered.
- Underwear is not to be worn as outer wear.

Free dress does not mean a competition, nor is it an excuse for a fashion parade.

Parents will be contacted and asked to bring different clothing for students whose clothing is unacceptable or inappropriate, or the students will be referred to the Office where the consequences of our Uniform Policy may be implemented.

UNIFORM POLICY BREACHES

In instances where a student is not wearing the correct uniform a note will be sent home to advise the parent / caregiver of the concern and allow a chance for the problem to be rectified before the student is issued with a consequence. An example of this note follows.

Students who continue to choose not to abide by the policy can expect a consequence for their breach. The consequence may be influenced by the age of the student, the frequency of breaches, and any other mitigating factors. Consequences for breaches may include but are not limited to:

- Direction to remedy the breach (i.e remove jewellery, makeup)
- Unable to participate in optional activities when in incorrect uniform (excursions; school sport etc)
- Note home to parent with a copy of the uniform policy reminding of the uniform expectations
- Given second hand / spare uniform to wear while on school premises
- Child sent home to change

If for any reason the correct uniform cannot be worn, a note is required from the parent / caregiver to the classroom teacher explaining the circumstance. In this instance time will be given to allow new / replacement items to be obtained with the school expectation being that this will occur as soon as possible.
